Graphic Designer

CSS Industries
6050 Dana Way
Antioch, TN 37013
615.501.3000

My role as Graphic Designer consists primarily of developing packaging concepts created by the Art Director, resulting in print-ready art. Creating vector artwork for appliques, photo re-touching, and uploading final artwork for production are frequent tasks. Occasional renders of product and renders of product on shelves were requested as well. Attention to detail and consistency of brands is the highest priority.

November 2016 - Present

Prepress Technician

George P. Johnson
4000 Centere Pointe Dr.
LaVergne, TN 37086
615.786.3200

My role as Prepress Technician consists of Pantone color matching across various mediums and preflighting supplied art files for many different RIPs and workflows. Troubleshooting production flaws and maintaining high quality output for the Nations largest Auto and Tech tradeshow was part of my daily routine. Clients included IBM, Chrysler, Toyota and many others. Missing deadlines was not an option.

August 2010 - October 2016

Production Graphic Designer

Signs Now
435 Donelson Pk.
Nashville, TN 37214
615.391.9978

My role as Production Graphic Designer consists of designing, proofing, and producing digital signs for local business and events. I ensure that customer provided graphics are suitable for high quality output. Maintaining color profiles for various media is also a high priority. Deadlines, attention to detail, and customer satisfaction was my daily routine.

October 2007 - August 2010
